

Easy-to-use electronic tools to support New Jersey WellCare providers

HHAeXchange is the leader in connecting payers and homecare agency providers to enable more collaboration, communication and connectivity than ever before. Our goal is to make working with New Jersey WellCare easy and efficient. Here's a look at some of the benefits you'll get from the HHAeXchange Portal:

Ease of billing

- **Quickly enter confirmed visits** in a user-friendly interface.
- **Increase billing acceptance rates** with real-time pre-claim edit checks.

Efficient communication

- **Reduce payer communication time** with real-time, two-way messaging.
- **Increase census** by accepting new cases via the broadcasting module.
- **Access real-time authorization** and notification of changes to the care plan (increase or decrease of units, change of service code, etc...).

Free tools

- **Free scheduling module** to manage schedules online in real-time.
- **Free EVV solution** to electronically track time and attendance.
- **Free interface** with your agency management system.
